Stylish, Modern and Versatile For Intuitive Interactive Use

Packed with functionality and convenience in an appealing design, the Paragon TK3200 Series is a 32" self-service, interactive kiosk that is suited for retail stores, quick service and fast casual restaurants. It serves as a seamless extension of existing POS terminals, helping the store owner to drive sales during peak times, and offering various ways for the consumer to order, pay and engage with brands.

The Paragon TK3200 Series features a bright, high definition 32" projected capacitive touch screen and a sleek, durable enclosure, providing a contemporary and sophisticated human-to-machine interface.

Incorporating a wide range of peripherals in self-service applications including 2D scanner, receipt printer, NFC, service indicator, bracket for EMV payment devices, and more. The modular components design makes installation, maintenance and component replacement easy, fast and convenient, and speeds up the return on investment by reducing repair cost.

The Paragon offers various mounting options: wall-mounted, single or dual-sided operation, allowing for flexible deployment.
