Re: Product End-Of-Life Notice

Dear POSIFLEX Customer:

In an effort to streamline your inventory and product procurement, Posiflex has consolidated our model line-up.

Posiflex announces End-Of-Life for several products effective immediately.

Models affected by this End-Of-Life Notice are as follows:

KS6215EZAxix All configurations with the **2.0** GHz CPU **ONLY - OUT OF STOCK**

➤ **Special note: All KS6215EXAxix configurations with the 1.5 GHz CPU remain available**

KS6615EXAxix All configurations - **OUT OF STOCK**

KS6815 All configurations – **OUT OF STOCK**

New orders for any of the above models will not be accepted as of this date.

Customers with active warranty or service contracts will continue to receive service from Posiflex. Support and part replacement will be available until July 31, 2014.

Replacement models:

KS6915Txxx – **STANDARD CONFIGURATIONS ARE READILY AVAILABLE TO SHIP**

Discontinuing products is never an easy process; however, this product transition allows you to take advantage of the faster, energy efficient terminals with greater upgradeability which enhances Windows 7 compatibility for the future. Posiflex greatly appreciates your support throughout this transition period. Posiflex will work closely with each of our partners to ensure your needs are met to best of the company's ability.

Do not hesitate contacting your Regional Sales Manager or Customer Service with any questions, concerns or availability inquiries.
