Re: Product End of Life Notice: KS6715 Model

Dear POSIFLEX Partner:

Posiflex announces End-Of-Life for the KS6715 model terminal effective May 1, 2014. All configurations of the KS6715 model are affected by this notice.

We are diligently working with the factory for an additional and final production run of the KS6715; however, please anticipate longer than normal lead-time, hence 10 - 12 weeks from your order date. Please submit your "Last Buy" requests by May 16, 2014 to ensure we are able to source sufficient inventory to cover your order. "Last Buy" orders are non-cancellable and are not eligible for stock rotation.

Posiflex is pleased to announce that the **New** XT3215 model terminal will replace the KS6715 which is readily available in similar configurations, as follows:
