Re: TP5800 models at end of repair life

Dear POSIFLEX Customer:

Posiflex announces there are no longer sufficient parts available to maintain a complete repair program for all TP5800 units. This model was discontinued in July, 2007 and is no longer eligible for the post warranty repair program or technical support.

We do have some parts in stock for self-service; please call Customer Service Parts Department for specific availability.

Regards,

Cynthia Schlenz
