Custom Kiosk Enclosures

The integration of hardware and software technology allow kiosks to perform a wide range of functions. Within our Posiflex Kiosk Ecosystem partners your ideal kiosk can be constructed from various materials, and in custom configurations.

A few examples of these custom kiosks include:

Stand Alone Kiosks

Suitable for indoor and outdoor environment. Rugged exterior withstands repetitive usage especially in publicly accessed areas.

ADA Compliant Desktop

Suitable for indoor office environments which requires ADA compliant functions. Table top and wheelchair access for convenient user access.

Desktop Kiosk

This tabletop kiosk has a small footprint allowing you for more efficient usage of space.

Wall Mount Kiosk

Suitable for indoor environments where floor space is limited with an integrated printer and terminal.

Kiosk Touch Screen Technology

Kiosk solutions delivered by Best of Breed Partners

Customized to your requirements

From concept to creation, Posiflex takes you there

Posiflex Touch Screen Terminals power the hardware heart of a kiosk, running software applications and interfacing with peripherals

Works with a wide range of kiosk ecosystem partners to meet specialized needs

Offers desktop, wall mount or stand alone self service kiosk options to perform a wide range of functions

Posiflex terminals come in a wide range of powerful CPU speeds, a mix of screen sizes and sensor types to withstand the harshest environments. Being a software-agnostic hardware platform, Posiflex can run a gamut of applications.

In addition to touchscreen terminals, Posiflex offers you a wide range of peripherals to incorporate into your ideal kiosk.

Posiflex Touch Screen Solutions			Software Applications
Model	XP Series	KS/TP Series	
It is important to count on reliable touch screen hardware that give you a peace of mind and lower overall total cost of ownership. Your kiosks operate 24/7, so should your terminals.			<p>A Posiflex terminal can run virtually any application using a hard drive or solid state drive.
