Digital Persona U.are.U Finger Print Sensor Upgrade

PART#	DESCRIPTION	MSRP
The U.are.U sensor is also available separately for self-upgrade to customer's existing MSR attachments.		
FP200	U.are.U finger print sensor for SD200, SD402, SA305, and RA301 attachment.	\$210
35534010000	U.are.U finger print sensor for HS3510 terminal. (Upgrade at the factory, NOT field upgradable)	\$213

OEM Software COA Label

- Upgrade pricing only.
- Exclusively sold as upgrade license for systems originally purchased from POSIFLEX with an eligible license.
- Must provide original serial number for order.
- Only one license will be sold per system serial number.
- Sale of licenses for serial numbers duplicated on subsequent orders will be declined.
- For serial numbers provided, COA license will not be sold for those systems in which POSIFLEX deems not supported by that particular operating system.
- Media handling fee applies to all media options, CD or download purchases.

PART#	DESCRIPTION	MSRP
WIN10-IoT-E	Software license, COA Windows 10 IoT "Entry" for terminal with ATOM, N2807, J1900, N3160 CPU	\$60
WIN10-IoT-V	Software license, COA Windows 10 IoT "Value" for terminal with Celeron, Pentium, Core i3/i5 CPU.	\$90
NONINV1	Image recovery CD or download option for Posiflex terminal	\$0
Labor	Media handling fee	\$25

38914055000	Bracket, TK21XX for Asahi card Dispenser ASI-2500300	\$329

Paragon Kiosk

[Paragon Kiosk Overview / Datasheet](#)

- Paragon Kiosk can hold a large paper roll for high traffic store to reduce the frequency of replacing the paper during the operations.
- The Paragon Kiosk provides an open-frame printer which allows the capability of holding up to an 80mm wide and 150mm diameter paper roll. Depending on paper thickness, this can be upwards of four times the amount of paper in a standard thermal receipt paper roll. Perfect for high volume use, this greatly reduces the frequency at which the paper needs to be replaced.

Part Number	Description	MSRP
TK32300110DGL	Single side 32" Kiosk, Intel® Celeron J1900, 4GB Memory, 128GB SSD, Win 10 IoT, 64 bit.	\$2,500
